Public Comments on the lake weed special assessments:

R. Johnson, Sherman St. asked whether there has been any push back on the lake treatment. Gosen replied saying no, since we changed to PLM we've only had a couple of complaints this year and they were within a week of when they sprayed. We haven't received any comments since. He added that next year the current 5-year assessment is up and we'll need to approve a new special assessment. He has asked the Lake Weed Committee for a recommendation in late spring.
