

## Edenville Township Parks and Recreation Committee

### Approved Minutes, April 6, 2021, 6:30-7:00pm

In attendance: Bob Johnson, Mary Herkner, Terry Hall, Mary Beth Seasholtz

We discussed the various options for who to work with on our 5-year Parks and Recreation Plan.

Discussion: The Parks and Recreation 5-year Plan (2011-15) is out of date. A current version is often needed to obtain grants. Several attempts to refresh the plan using township resources have been made, but it never got across the finish line. The committee recommends engaging with an external organization to guide the township and write the new plan. The committee sought out multiple bids, see below. It is the opinion of the committee that PM Blough had the best proposal for our Township.

#### Pricing:

- Lapham Engineering: \$4,850
  - Any scope variance will add \$\$
  - Helped make our first Parks and Rec Plan
- PM Blough: \$7,250
  - Quote says the effort will not exceed \$7250.
  - Currently working with both the City and County of Midland
- Rowe Engineering: \$15,000
  - Can subtract some \$\$ if we do some of the items in-house.
  - Used by Village of Sanford

Motion: Recommend to the Board that we work with PM Blough to make our 5-year Parks and Recreation Plan. Moved by Mary Beth, Seconded by Bob Johnson, All in Favor
