

Edenville Township Parks and Recreation Committee

Approved Minutes

Monday, August 2, 2021, 6:30-8pm

In Attendance: Bob, Bill, Terry, Mary, Mary Beth

Housekeeping

- Approved the minutes from July 5 Parks and Rec meeting
- Parks and Rec Webpage - upgrades almost done; everyone check it out and send MBS feedback.
- Address for Harper Park: Fill out the Midland County Housing Department form and take it to the board for endorsement/approval.
- Review action items during meeting.

Harper Park

- Updated Quote from JBS --- waiting on the Yeager quote regarding the driveway.
- Spray for Weeds --- Approved the Howden quote, with the following comments (Motion by MBS, second by Bob, all in favor):
 - The hand-written comment about the cemetery is not included.
 - Make sure there is no Round-Up applied on the hill. Round-Up should only be used on the rocks at and near the parking lot. Further, it should not be used on the rocks where the drainage is, just to the left of the top of the stairway. This is so the Round-Up can't drain into the river.
- Let's see how Howden does. If they do a good job, let's propose to make it a regularly scheduled thing and part of their contract.
- At some point we need to check if the Floating Dock is still okay or if we need to replace it.

Baker Rd.

- Discussion about changing our proposed name to "Rooker Crossing".
- Mary had suggested verbiage for a sign and a snippet of a map.
- Discussion about whether there were any Rooker relatives around anymore. There are no Rookers on the Edenville Township books. Bob and Mary were going to search around some more.
- Next time think about how to do an event where the name and sign are revealed.

5-year Plan

- Pam circulated a draft survey. We discussed some changes.

New Business

- Bob suggested Bike racks for Harper and Grandsen Parks.
- Terry suggested a "bike repair station".
- MB will investigate some options.
